## TITLE 6—AGRICULTURAL CREDIT

### Chapter II—Rural Electrification Administration, Department of Agriculture

#### PART 200—PROCEDURES

Part 200 of Title 6, issued September 11, 1946 (11 F. R. 177A-294-296, inclusive) (redesignated at 13 F. R. 8248) as amended April 23, 1949 (14 F. R. 2006) as amended August 26, 1952 (17 F. R. 7765-7767 inclusive) is hereby amended as follows:

1. By deleting all of Part 200, and substituting therefor a new Part 200 reading as follows:

- Sec.
- 200.1 Loans pursuant to section 4 of Rural Electrification Act.
- 200.2 Loans pursuant to section 5 of Rural Electrification Act.
- 200.3 Loans pursuant to section 201 of Rural Electrification Act.
- 200.4 Studies, investigations, and reports.
- 200.5 Loan security activities.
- 200.6 Issuances implementing procedures.

**AUTHORITY:** §§ 200.1 to 200.5 issued under 49 Stat. 1363, as amended, 69 Stat. 131; 7 U. S. C. 901-915, 921-924.

§ 200.1 *Loans pursuant to section 4 of Rural Electrification Act—(a) General.* These loans are made to finance the construction and operation of generating plants, electric transmission and distribution lines or systems to serve persons in rural areas not receiving central station electric service. The loans must be self-liquidating within a period of not to exceed thirty-five years, bear interest at the rate of two percentum per annum, and must be reasonably secured in the judgment of the Administrator. They may be made to persons, corporations, public bodies, and to cooperative, non-profit, or limited dividend associations.

(b) *Loan applications.* Applications for these loans are made on REA Form 740a, copies of which are made available by REA on request. Applicants for an initial loan from the Rural Electrification Administration for the construction of a rural power system are assisted in perfecting their organization, in the conduct of their surveys and in the preparation of the loan application. After the information provided by the application has been examined, the applicant is notified of any further steps

to be taken. If an application is acceptable after legal, engineering, economic, and financial studies, funds are obligated by a loan contract and the borrower gives a note, mortgage, and in some cases, other security.

(c) *Construction.* Under the loan agreements, REA reserves the right to approve the design and construction of the facilities, and to require progress reports on construction, and audits of the borrower's records relating to construction.

(d) *Advance of loan funds.* Loan funds are advanced on the basis of requisitions submitted by borrowers in accordance with the loan contract.

§ 200.2 *Loans pursuant to section 5 of Rural Electrification Act—(a) General.* These loans are made to finance the wiring of the premises of persons in rural areas and the purchase and installation of electrical and plumbing appliances and equipment. The loans are generally required to be repaid over a period of five years and bear interest at two per centum per annum. The loans are ordinarily made to REA borrowers for relending to their consumers.

(b) *Loan applications.* There is no standard or prescribed form of application for this type of loan. The information submitted in support of such an application should set forth the purposes for which the loan is requested and the amount required for each purpose. If the Administrator approves a loan proposal, the applicant is notified and loan papers are forwarded for the signature of the borrower.

(c) *Advance of loan funds.* Loan funds are advanced on the basis of requisitions submitted by borrowers in accordance with the loan contract.

§ 200.3 *Loans pursuant to section 201 of Rural Electrification Act—(a) General.* These loans are made for the purpose of financing the improvement, expansion, construction, acquisition, and operation of telephone lines, facilities, or systems to furnish or improve telephone service in rural areas. Borrowers are required to provide a portion of the investment themselves. The loans must be self-liquidating within a period of not to exceed thirty-five years, bear interest at the rate of two per centum per annum, and must be reasonably secured in the

judgment of the Administrator. The loans may be made to any type of commercial or nonprofit corporation now providing or who may hereafter provide telephone service in rural areas.

(b) *Loan applications.* Applications for these loans should be made on Form 490, copies of which are made available by REA on request. Applicants for an initial loan from the Rural Electrification Administration for the construction of a rural telephone system are assisted in perfecting their organization, in the conduct of their surveys, and in the preparation of loan applications. After the information provided by the application has been examined, the applicant is notified of any further steps to be taken. If an application is acceptable after legal, engineering, economic, and financial studies, funds are obligated by a loan contract and the borrower gives a note, mortgage, and, in some cases, other security.

(c) *Construction.* Under the loan agreements, REA reserves the right to approve the design and construction of the facilities, and to require progress reports on construction and audits of the borrower's records relating to construction.

(d) *Advance of loan funds.* Loan funds are advanced on the basis of requisitions submitted by borrowers in accordance with the loan contract.

§ 200.4 *Studies, investigations, and reports.* Pursuant to section 2 of the act, the agency may make or cause to be made studies, investigations, and reports concerning the condition and progress of electrification and telephony in rural areas in the several States and territories and may publish and disseminate information with respect thereto.

§ 200.5 *Loan security activities.* In carrying out the program of rural electrification and rural telephony provided by the act, and in the interest of loan security, the agency requires of borrowers periodic reports on operations, annual audits, etc., and provides limited specialized and technical accounting, engineering, and other managerial assistance to borrowers in respect to the construction and operation of their facilities, and to help them establish efficient and economical service in rural areas.

§ 200.6 *Issuances implementing procedure.* There are available from REA, upon request, (a) basic forms of loan agreements, and (b) bulletins issued from time to time which implement the loan agreements and the procedures herein set forth.

Issued this 16th day of November 1955.

## TITLE 14—CIVIL AVIATION

### Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 64]

#### PART 600—DESIGNATION OF CIVIL AIRWAYS

##### ALTERATIONS

The civil airway alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Panel, and are adopted to become effective when indicated in order to promote safety. Compliance with the notice procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 600 is amended as follows:

1. Section 600.210 *Red civil airway No. 10 (Amarillo, Tex., to Charleston, S. C.)* is amended by changing the words which read: "excluding the portion below 5,000 feet which overlaps the Camp Gordon, Ga., Danger Area, to the Augusta, Ga., radio range station." to read: "excluding the portion below 5,500 feet which overlaps Camp Gordon restricted area (R-124), to the Augusta, Ga., radio range station."

2. Section 600.219 is amended by changing caption to read: "*Red civil airway No. 19 (Traverse City, Mich., to Norfolk, Va.)*" and by changing all before Akron, Ohio, radio range station to read: "From the Traverse City, Mich., radio range station via the Gladwin, Mich., nondirectional radio beacon; Saginaw, Mich., nondirectional radio beacon; Flint, Mich., ILS outer marker; Detroit, Mich., radio range station; the intersection of the southeast course of the Detroit, Mich., radio range and the west course of the Akron, Ohio, radio range to the Akron, Ohio, radio range station."

3. Section 600.601 is amended to read:

§ 600.601 *Blue civil airway No. 1 (Miami, Fla., to Tampa, Fla.)* From the Miami, Fla., radio range station to the Tampa, Fla., radio range station.

4. Section 600.603 *Blue civil airway No. 3 (Miami, Fla., to Sault Ste. Marie, Mich.)* is amended between the Miami, Fla., radio range station and the Tampa, Fla., radio range station to read: "From the Miami, Fla., radio range station via the intersection of the west course of the Miami, Fla., radio range and a line bearing 128° True from the Fort Myers,

Fla., nondirectional radio beacon; Fort Myers, Fla., nondirectional radio beacon; Tampa, Fla., radio range station;"

5. Section 600.662 *Blue civil airway No. 62 (Detroit, Mich., to Traverse City, Mich.)* is revoked.

6. Section 600.6001 *VOR civil airway No. 1 (Charleston, S. C., to New York, N. Y.)* is amended by changing the portion which reads: "From the Charleston, S. C., omnirange station to the Myrtle Beach, S. C., omnirange station." to read: "From the Charleston, S. C., omnirange station via the Myrtle Beach, S. C., omnirange station; Wilmington, N. C., omnirange station; New Bern, N. C., omnirange station; Williamston, N. C., VAR station; intersection of the Williamston VAR north course and the Norfolk, Va., ILS localizer southwest course; Norfolk, Va., ILS localizer; to the point of intersection of the Norfolk ILS localizer northeast course and the Norfolk, Va., VAR north course, excluding the portion between 11,000 feet and 16,000 feet and between 23,000 feet and 45,000 feet above mean sea level, during the hours of darkness, which lie within the Cherry Point, N. C., night restricted area (R-125), and excluding the portion lying west of Amber civil airway No. 9 between the Wilmington, N. C., omnirange station and the Williamston, N. C., VAR station."

7. PART 601—DESIGNATION OF CONTROL  
AREAS; CONTROL ZONES, AND REPORTING  
POINTS

ALTERATIONS

The control area, control zone, and reporting point alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Panel, and are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administration Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 601 is amended as follows:

1. Section 601.219 is amended to read:

§ 601.219 *Red civil airway No. 19 control areas (Traverse City, Mich., to Norfolk, Va.)* All of Red civil airway No. 19.

2. Section 601.662 *Blue civil airway No. 62 control areas (Detroit, Mich., to Traverse City, Mich.)* is revoked.

3. Section 601.1013 is amended to read:

§ 601.1013 *Control area extension (Fort Myers, Fla.)* Within 5 miles either side of lines bearing 45° True and 220° True from the Fort Myers, Fla., nondirectional radio beacon extending from Blue civil airway No. 1 on the northeast to a point 20 miles southwest of the nondirectional radio beacon.

4. Section 601.1036 is added to read:

§ 601.1036 *Control area extension (West Palm Beach, Fla.)* Within 5

miles either side of the 151° True radial of the West Palm Beach omnirange extending from the West Palm Beach omnirange station via the intersection of the West Palm Beach 151° True radial and the Miami, Fla., 060° True radial thence via the Miami 060° True radial to the Miami, Fla., omnirange station. The airspace which lies within Miami Warning Area (W-171) shall be used only after obtaining prior approval from Civil Aeronautics Administration Air Traffic Control.

5. Section 601.1052 is amended to read:

§ 601.1052 *Control area extension (Atlanta, Ga.)* That airspace within a 50-mile radius of the Atlanta, Ga., radio range station including the airspace north of Atlanta bounded on the west by VOR civil airway No. 5, on the north by VOR civil airway No. 54 and on the east by VOR civil airway No. 97, and the airspace east of Atlanta bounded on the northwest by VOR civil airway No. 20, on the east by VOR civil airway No. 35 and on the south by VOR civil airway No. 18.

6. Section 601.1118 is amended to read:

§ 601.1118 *Control area extension (Grand Junction, Colo.)*. Within 5 miles either side of a line bearing 305° True extending from Walker Airport, Grand Junction, Colo., to a point 30 miles northwest of the airport, and within 5 miles either side of the 357° True radial of the Grand Junction omnirange extending from the omnirange station to a point 15 miles north.

7. Section 601.1122 is amended to read:

§ 601.1122 *Control area extension (Tri-City, Tenn.)*. That airspace within a 28-mile radius of the Tri-City radio range station lying in the east quadrant of the radio range; that airspace within a 30-mile radius of the radio range station lying in the west quadrant of the radio range, and the airspace within 5 miles either side of the 289° True radial of the Tri-City omnirange extending from the omnirange station to a point 50 miles northwest.

8. Section 601.1194 is amended to read:

§ 601.1194 *Control area extension (Sacramento, Calif.)* That airspace within a 50-mile radius of Mather Air Force Base lying in the east quadrant of the Sacramento radio range bounded on the northwest by Green civil airway No. 3 and on the southwest by Amber civil airway No. 1, that airspace north of Sacramento bounded on the north by Red civil airway No. 76, on the southeast by Green civil airway No. 3 and on the southwest by Amber civil airway No. 1, and the airspace bounded on the south by Red civil airway No. 76, on the west by Longitude 121°30'00", on the north by Latitude 39°09'00" and on the east by Longitude 121°20'00".

9. Section 601.1228 is amended to read:

§ 601.1228 *Control area extension (Tampa, Fla.)* That airspace within 5 miles either side of a straight line extending from the Tampa, Fla., radio range station to the Key West, Fla., radio range station, excluding the portion below 2,000 feet which lies outside the continental limits of the United States and excluding the portion which overlaps warning areas (W-173) and (W-174).

10. Section 601.1325 is amended to read:

§ 601.1325 *Control area extension (Tampa, Fla.)* All that airspace within a 50-mile radius of the Tampa radio range station, excluding the portions which overlap Dinner Point restricted area (R-142) Dinner Point warning area (W-143) and Sarasota warning area (W-168) all that airspace bounded on the northeast by a line 5 miles northeast of and parallel to a line extending from the intersection of the north course of the Tampa radio range and the southeast course of the Cross City, Fla., radio range to the intersection of the southeast course of the Tampa radio range and a line bearing 45° True from the Fort Myers, Fla., nondirectional radio beacon, on the southeast by the Fort Myers control area extension, and on the west by direct lines extending from the Fort Myers nondirectional radio beacon to the Tampa omnirange station thence to the point of beginning.

11. Section 601.1330 *Control area extension (Sherman, Tex.)* is amended by adding the following to present control area extension: "Including the airspace within a 15-mile radius of Cox Field, Paris, Tex., and the airspace bounded on the east by a line 5 miles east of and parallel to a straight line extending from the Sulphur Springs, Tex., omnirange station to the McAlester, Okla., omnirange station, and on the northwest by the Tulsa, Okla., control area extension."

12. Section 601.1389 is added to read:

§ 601.1389 *Control area extension (Miami, Fla.)* Within 5 miles either side of the 023° True radial of the Miami, Fla., omnirange extending from Amber civil airway No. 7 and VOR civil airway No. 3 via the intersection of the Miami omnirange 023° True radial and the Vero Beach, Fla., omnirange 143° True radial to the intersection of the Vero Beach omnirange 143° True radial with the Wilmington, N. C., control area extension (601.1150).

13. Section 601.1392 is added to read:

§ 601.1392 *Control area extension (Ogden, Utah)* That airspace northeast of Ogden bounded on the north by Red civil airway No. 103, on the south by Green civil airway No. 3 and on the west by Amber civil airway No. 2.

14. Section 601.2143 is amended to read:

§ 601.2143 *Fort Myers, Fla., control zone*. Within a 5-mile radius of Page Field, Fort Myers, Fla., within 2 miles either side of a line bearing 220° True

extending from the Fort Myers nondirectional radio beacon to a point 10 miles southwest, and within 2 miles either side of the 224° True radial of the Fort Myers omnirange extending from the omnirange station to a point 10 miles southwest.

15. Section 601.2185 is amended to read:

§ 601.2185 *Sacramento, Calif., control zone.* The airspace within circles of 5-mile radii centered on the Sacramento Municipal Airport and the McClellan Air Force Base and within lines drawn tangent thereto, including the airspace within 2 miles either side of the southwest course of the Sacramento radio range extending from the radio range station to a point 10 miles southwest and within 2 miles either side of a line bearing 358° True extending from McClellan AFB to Red civil airway No. 76.

16. Section 601.2331 is amended to read:

§ 601.2331. *Lake Charles, La., control zone.* Within a 5-mile radius of the Lake Charles Air Force Base; within 2 miles either side of the south course of the Lake Charles radio range extending from the radio range station to a point 10 miles south; within 2 miles either side of the 334° and 154° True radials of the Lake Charles omnirange extending from the 5-mile radius zone to a point 10 miles southeast of the omnirange station, and within 2 miles either side of a direct line extending from the Lake Charles AFB through the Lake Charles AFB nondirectional radio beacon to a point 10 miles northwest of the nondirectional radio beacon.

17. Section 601.2369 is added to read:

§ 601.2369 *Sacramento, Calif., control zone.* Within a 5-mile radius of Mather Air Force Base, Sacramento, Calif., and within 2 miles either side of a line extending from the Mather AFB to the Mather nondirectional radio beacon.

18. Section 601.4219 is amended to read:

§ 601.4219 *Red civil airway No. 19 (Traverse City, Mich., to Norfolk, Va.)* The Saginaw, Mich., nondirectional radio beacon.

19. Section 601.4230 *Red civil airway No. 30 (Shreveport, La., to Jacksonville, Fla.)* is amended by changing the reporting point which reads: "the intersection of the east course of the Tallahassee, Fla., radio range and a line bearing 180° True from the Valdosta, Ga., nondirectional radio beacon" to read: "the intersection of the east course of the Tallahassee, Fla., radio range and a line bearing 182° True from the Valdosta, Ga., nondirectional radio beacon."

20. Section 601.4601 is amended to read:

§ 601.4601 *Blue civil airway No. 1 (Miami, Fla., to Tampa, Fla.)* The intersection of a line bearing 45° True

from the Fort Myers, Fla., nondirectional radio beacon and the southeast course of the Tampa, Fla., radio range.

21. Section 601.4603 *Blue civil airway No. 3 (Miami, Fla., to Sault Ste. Marie, Mich.)* is amended by changing name of facility at Fort Myers, Fla., to read: "Fort Myers, Fla., nondirectional radio beacon;" in lieu of "radio range station"

22. Section 601.4662 *Blue civil airway No. 62 (Detroit, Mich., to Traverse City, Mich.)* is revoked.

23. Section 601.6004 is amended to read:

§ 601.6004 *VOR civil airway No. 4 control areas (Seattle, Wash., to Washington, D. C.)* All of VOR civil airway No. 4 including north and south alternates, but excluding the airspace between the main airway and its south alternate between the Seattle, Wash., omnirange station and the Yakima, Wash., omnirange station and excluding the airspace between the main and its south alternate between the Topeka, Kans., omnirange station and the Columbia, Mo., omnirange station.

24. Section 601.6207 is added to read:

§ 601.6207 *VOR civil airway No. 207 control areas (Denver Colo., to Egbert, Wyo.)* All of VOR civil airway No. 207.

25. Section 601.6020 is amended to read:

§ 601.6020 *VOR civil airway No. 20 control areas (Laredo, Tex., to Richmond, Va.)* All of VOR civil airway No. 20 including a north alternate and a south alternate, but excluding the airspace between the main airway and the north alternate airway from the Atlanta, Ga., omnirange station to the Spartanburg, S. C., omnirange station.

26. Section 601.6077 is amended to read:

§ 601.6077 *VOR civil airway No. 77 control areas (San Angelo, Tex., to Des Moines, Iowa)* All of VOR civil airway No. 77, including east alternates and a west alternate.

27. Section 601.6140 is amended to read:

§ 601.6140 *VOR civil airway No. 140 control areas (Amarillo, Tex., to New York, N. Y.)* All of VOR civil airway No. 140 including north alternates and a south alternate.

28. Section 601.6185 is amended to read:

§ 601.6185 *VOR civil airway No. 185 control areas (Augusta, Ga., to Knoxville, Tenn.)* All of VOR civil airway No. 185 including an east and a west alternate, but excluding the airspace between the main airway and its west alternate airway from the Augusta, Ga., omnirange station to the Asheville, N. C., omnirange station and also excluding the airspace between the main airway and its east alternate from the Asheville, N. C., omnirange station to the Knoxville, Tenn., omnirange station.

29. Section 601.6190 is amended to read:

§ 601.6190 *VOR civil airway No. 190 control areas (Grants, N. Mex., to Evansville, Ind.)* All of VOR civil airway No. 190.

30. Section 601.6194 is amended to read:

§ 601.6194 *VOR civil airway No. 194 control areas (Royston, Ga., to Norfolk, Va.)* All of VOR civil airways No. 194.

31. Section 601.6208 is added to read:

§ 601.6208 *VOR civil airway No. 208 control areas (Thermal, Calif., to Needles, Calif.)* All of VOR civil airway No. 208.

32. Section 601.6210 is added to read:

§ 601.6210 *VOR civil airway No. 210.* [Unassigned.]

33. Section 601.6211 is added to read:

§ 601.6211 *VOR civil airway No. 211 control areas (Cotulla, Tex., to Junction, Tex.)* All of VOR civil airway No. 211.

34. Section 601.6212 is added to read:

§ 601.6212 *VOR civil airway No. 212 control areas.* [Unassigned.]

35. Section 601.6213 is added to read:

§ 601.6213 *VOR civil airway No. 213 control areas (Rocky Mount, N. C., to Boykins, Va.)* All of VOR civil airway No. 213.

36. Section 601.7001 *Domestic VOR Reporting Points* is amended by adding the following reporting points:

New Bern, N. C., omnirange station.

Peoria, Ill., omnirange station.

Arcola Intersection: The intersection of the Houston, Tex., omnirange 226° True and the Galveston, Tex., omnirange 286 True radials.

Colt Intersection: The intersection of the Memphis, Tenn., omnirange 276° True and the Walnut Ridge, Ark., omnirange 171° True radials.

Harrelsville Intersection: The intersection of the Williamston, N. C., VOR north course and the Rocky Mount, N. C., omnirange 064° True radial.

Honea Intersection: The intersection of the Royston, Ga., omnirange 078° True radial and the Greenville, S. C., ILS localizer south course.

Moncure Intersection: The intersection of the Greensboro, N. C., omnirange 122° True and the Raleigh, N. C., omnirange 249° True radials.

and by revoking the following reporting point:

Lake Carey Intersection: The intersection of the Binghamton, N. Y., omnirange 160° True and the Scranton, Pa., omnirange 299° True radials:

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1107, as amended; 49 U. S. C. 551)

This amendment shall become effective 0001 e. s. t., December 1, 1955.

## GOA, STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. If a GOA instrument approach is conducted at the below named airport it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below. Positive identification must be established with the ground controller. From initial contact with GOA to final authorized landing minimums, the instructions of the GOA controller are mandatory except when (A) visual reference with ground is established on final approach at or before descent to the authorized landing minimums or (B) at pilot's discretion if it appears desirable to discontinue the approach.

[Sugar Determination 850.8, Supp. 12]

#### PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

##### NEW MEXICO FARM PROPORTIONATE SHARES FOR THE 1955 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1955 Crop (19 F. R. 7260) as amended (20 F. R. 1635) the Agricultural Stabilization and Conservation New Mexico State Committee has issued the bases and procedures for establishing individual farm proportionate shares from the allocation of 770 acres established for New Mexico, by the determination. Copies of these bases and procedures are available for public inspection at the office of such committee at 1015 Tijeras Avenue NW., Albuquerque, New Mexico, and at the offices of the Agricultural Stabilization and Conservation Committees in the sugar beet producing counties of New Mexico. The bases and procedures incorporate the following:

§ 850.20 *New Mexico*—(a) *Set asides of acreage.* From the State allocation there is set aside 76 acres for use in establishing farm proportionate shares for new producers and 8 acres for adjusting individual farm proportionate shares under appeals.

(b) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC county office on form SU-100, Request for Sugar Beet Proportionate Share. The request shall be signed by the farm operator and shall be filed on or before the closing date for such filing, as established by the State Committee and publicized through local news releases.

(c) *Establishment of individual farm proportionate shares*—(1) *Farm bases.* For each farm in New Mexico, the farm base shall be established from the planted sugar beet acreage record of the farm by giving a weighting of 50 percent to the average acreage for the crops of 1950 through 1954, as a measure of "past production" and a weighting of 50 percent to the average acreage of the crops of 1953-54, as a measure of "ability to produce"

(2) *Initial proportionate shares.* Initial proportionate shares shall be established from the farm bases on a pro rata basis so that the total of the farm shares equals the State allocation less the prescribed set-asides.

(3) *Adjustments in initial shares.* Within the acreage of initial shares in excess of requested acreages, adjustments shall be made in initial farm proportionate shares so as to establish a proportionate share for each farm which is fair and equitable as compared with pro-

portionate shares for all other farms in the locality by taking into consideration availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities, and the production experience of the operator.

(4) *Proportionate shares for new producers.* Within the acreage set aside for new producers, proportionate shares shall be established for new producers (as defined in § 850.8) by taking into consideration the availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(5) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of the determination applicable to appeals.

(6) *Redistribution of unused proportionate share acreage.* Any farm operator who receives notice of proportionate share acreage and who, prior to planting time, makes a change in his farm operations so that the share established for the farm will not be fully planted shall be encouraged by the county committee to voluntarily release the unused acreage. The county committee, subject to the approval of the State Committee, shall redistribute prior to planting time, as far as practicable, such acreage to other sugar beet farms within the county.

(7) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on form SU-103, Notice of Farm Proportionate Share—1955 Sugar Beet Crop, even if the acreage established is "none" and in each case of approved adjustment the farm operator shall be notified regarding the adjusted proportionate share on a form SU-103 marked "Revised"

(8) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.8.

#### STATEMENT OF BASES AND CONSIDERATIONS

This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation New Mexico State Committee for determining farm proportionate shares in New Mexico in accordance with the determination of proportionate shares for the 1955 crop of sugar beets, as issued by the Secretary of Agriculture.

The establishment of individual farm proportionate shares directly from the State allocation, without subdividing the State into proportionate share areas, is reasonable considering that the sugar beet producing region of the State is relatively small and ordinarily only one beet sugar company contracts for acreage in New Mexico. The formula used

for establishing individual farm shares from the State allocation gives reasonable weightings to the factors of "past production" and "ability to produce", with relatively heavy weight for recent performance.

The bases and procedures for making adjustments in initial proportionate shares, for establishing shares for new producers, and for adjusting proportionate shares because of unused acreage and appeals, set forth criteria to be followed for each of these operations in order that a fair and equitable proportionate share may be established for each farm.

#### PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

##### CALIFORNIA PROPORTIONATE SHARE AREAS AND FARM PROPORTIONATE SHARES FOR THE 1955 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1955 Crop (19 F. R. 7260), as amended (20 F. R. 1635) the Agricultural Stabilization and Conservation California State Committee has issued the bases and procedures for dividing the State into proportionate share areas and establishing individual farm proportionate shares from the allocation of 182,410 acres established for California by the determination. Copies of these bases and procedures are available for public inspection at the office of such committee at 2020 Milvia Street, Berkeley, California, and at the offices of the Agricultural Stabilization and Conservation Committees in the sugar beet producing counties of California. These bases and procedures incorporate the following:

§ 850.22 *California*—(a) *Proportionate share areas.* California shall be divided into two proportionate share areas, one of which shall comprise all of California except Imperial County and the other shall be Imperial County. These areas shall be designated the "Northern Area" and the "Imperial Area," respectively. Acreage allotments for these areas shall be computed by applying to the planted sugar beet acreage record for each area a weighting of 75 percent to the average acreage for

the crops of 1950 through 1954, as a measure of "past production" and a weighting of 25 percent to the largest acreage of any of the crops of 1950 through 1954, as a measure of "ability to produce" with a minimum of 93 percent of the 1953-54 average acreage and with pro rata adjustments to a total of 182,410 acres. Acreage allotments computed as aforesaid are established as follows: Northern Area—142,059 acres, and Imperial Area—40,351 acres.

(b) *Set asides of acreage*—(1) *Northern area*. From the Northern Area allotment there is set aside 2 percent of such allotment for use in establishing farm proportionate shares for new producers, 2 percent for adjusting individual farm proportionate shares under appeals, and 3 percent for adjusting initial farm proportionate shares.

(2) *Imperial area*. From the Imperial Area allotment there is set aside 1 percent for use in establishing farm proportionate shares for new producers, 2 percent for adjusting individual farm proportionate shares under appeals, and 3 percent for adjusting initial farm proportionate shares.

(c) *Requests for proportionate shares*. A request for each farm proportionate share shall be filed at the local ASC county office on form SU-100 (California) Request for Sugar Beet Proportionate Share. The request shall be signed by the farm operator and shall be filed on or before the closing date for such filing, as established by the State Committee and publicized through local news releases.

(d) *Establishment of individual farm proportionate shares*—(1) *Farm bases*. For each farm whose operator is not a tenant in the 1955-crop season, a farm base will be computed from the planted sugar beet acreage record of the farm accruing to the landowner under the effective cropping arrangements by giving a weighting of 75 percent to the average acreage of the crops of 1950 through 1954, as a measure of "past production" and a weighting of 25 percent to the average acreage for the crops of 1952 through 1954, as a measure of "ability to produce". For each farm whose operator is a tenant in the 1955-crop season, the farm base shall be the larger of the results obtained by applying the aforesaid weightings to the planted sugar beet acreage record accruing to the owner or owners of the farm under the effective cropping arrangements or to the planted sugar beet acreage record of the operator.

(2) *Initial proportionate shares*. Initial proportionate shares shall be established from the farm bases in each proportionate share area on a pro rata basis so that the total of the farm shares equals the area allotment less the prescribed set-asides.

(3) *Adjustments in initial shares*. Within the acreage available from the set-aside for adjustments, and from acreage of initial shares in excess of requested acreages in each proportionate share area, adjustments shall be made in initial farm proportionate shares so as to establish a proportionate

share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the locality by taking into consideration availability and suitability of land, area of available fields, availability of irrigation water, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator. Within the available acreage, adjustments shall be made in the following order of precedence and subject to the limitations hereinafter indicated: (i) Shares for growers with five years or less of production history in the 1950-54 period whose farm bases do not constitute fair representations of their past operations or production records of their farms (such as where a former tenant becomes an owner-operator in 1955 on a farm with less history than his personal history or an operator with little or no personal history operates a farm in 1955 with sugar beet history, the creditable portion of which is limited to the landlord's share) provided that the final share after adjustment shall not exceed that for a similar farm in the area on the basis of either personal or full land history; (ii) for growers with less than five years of production history in the 1950-54 period, provided that the final share after adjustment shall be limited generally to 85 percent of the average of the four-year plantings, 70 percent of the average of the three-year plantings, 55 percent of the average of the two-year plantings, and 40 percent of single-year planting; provided further that these limits may be exceeded in special cases such as those involving a rotation plan, too small an acreage for economic operations or where a grower had one or more years of low plantings due to causes beyond his control; however, no grower's share may exceed his highest acreage in any one year during the base period; (iii) shares for growers with five years of production history in the 1950-54 period to correct for low plantings during one or more years of the base period, to fill out fields, and for other similar reasons, provided that the final share after adjustment shall not exceed the highest acreage in any one year of the base period.

(4) *Proportionate shares for new producers*. Within the acreage set aside for new producers in each proportionate share area, proportionate shares shall be established for new producers (as defined in § 850.8) by taking into consideration the suitability and area of available land, area of available fields, availability of irrigation water, availability of production and marketing facilities and the production experience of the operator.

(5) *Adjustments under appeals*. Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused in each proportionate share area, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of the determination applicable to appeals.

(6) *Adjustments because of unused acreage*. To the extent of acreage available within the allotment for each proportionate share area from underplanting and failure to plant proportionate share acreages, and from set-aside acreages remaining unallotted, adjustments shall be made in farm proportionate shares insofar as practicable during the planting season on a pro rata basis upon written requests of producers who have not intentionally planted in excess of their prior allotments, whose plantings will include additional acreage, and who have reasonable assurance of contracting the additional acreage with a sugar beet processing company.

(7) *Notification of farm operators*. The farm operator shall be notified concerning the proportionate share established for his farm on form SU-103, Notice of Farm Proportionate Share—1955 Sugar Beet Crop, even if the acreage established is "none" and in each case of approved adjustment the farm operator shall be notified regarding the adjusted proportionate share on a form SU-103 marked "Revised".

(8) *Determination provisions prevail*. The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.8.

#### STATEMENT OF BASES AND CONSIDERATIONS

This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation California State Committee for determining farm proportionate shares in California in accordance with the determination of proportionate shares for the 1955 crop of sugar beets, as issued by the Secretary of Agriculture.

The division of California into two general areas is reasonable since sugar beets are planted in the Northern Area largely in the winter and spring months whereas plantings are made in the Imperial Area during the early fall months. A further subdivision of the Northern Area is infeasible because smaller areas are not segregated geographically or with respect to districts served by the four beet sugar companies which operate in the State. The formula used in establishing allotments for the two areas is identical to that used by the Department in establishing State allocations. The formula used in subdividing the area allotments into individual farm proportionate shares is similar, but "ability to produce" is measured by the average acreage of the crops of 1952-54 rather than the largest acreage of the 1950-54 period. Since sugar beet production in California is organized around tenant-operators rather than around units of land, the formula gives consideration to the personal production records of farm operators as well as to the production records of farms.

The bases and procedures for making adjustments in initial proportionate shares, for establishing shares for new producers, and for adjusting proportionate shares because of unused acreage and appeals, set forth criteria to be followed for each of these operations in order that

a fair and equitable proportionate share may be established for each farm.

#### PART 850—DOMESTIC BEET SUGAR PRODUCING AREA

##### OHIO PROPORTIONATE SHARE AREAS AND FARM PROPORTIONATE SHARES FOR 1955 CROP

Pursuant to the provisions of the Determination of Proportionate Shares for Farms in the Domestic Beet Sugar Area, 1955 Crop (19 F. R. 7260), as amended (20 F. R. 1635) the Agricultural Stabilization and Conservation Ohio State Committee has issued the bases and procedures for dividing the State into proportionate share areas and establishing individual farm proportionate shares from the allocation of 20,220 acres established for Ohio by the determination. Copies of these bases and procedures are available for public inspection at the office of such committee at the Old Post Office Building, Third and State Streets, Columbus 15, Ohio, and at the offices of the Agricultural Stabilization and Conservation Committees in the sugar beet producing counties of Ohio. These bases and procedures incorporate the following:

§ 850.29 *Ohio*—(a) *Proportionate share areas.* Ohio shall be divided into two proportionate share areas or districts comprising beet sugar factory districts as served by two beet sugar companies. These areas shall be designated "Great Lakes District" and "Buckeye District" respectively. Acreage allotments for these districts shall be computed by applying to the planted sugar beet acreage record for each district a weighting of 75 percent to the average acreage for the crops of 1950 through 1954, as a measure of "past production", and a weighting of 25 percent to the largest acreage of any of the crops of 1950 through 1954, as a measure of "ability to produce" with a ceiling of 125 percent of the 1954 acreage and pro rata adjustments to a total of 20,220 acres. Acreage allotments computed as aforesaid are established as follows: Great Lakes District, 14,315 acres, and Buckeye District, 5,905 acres.

(b) *Set asides of acreage.* Set-asides of acreage shall be made from the district allotments for new producers, for

appeals, and for making adjustments in initial proportionate shares, respectively, in percentages as follows: Great Lakes District—15.3, 2.0 and 8.9; and Buckeye District—15.6, 2.0 and 9.2.

(c) *Requests for proportionate shares.* A request for each farm proportionate share shall be filed at the local ASC County office on form SU-100, Request for Sugar Beet Proportionate Share. The request shall be signed by the farm operator and shall be filed on or before the closing date for such filing, as established by the State Committee and publicized through local news releases.

(d) *Establishment of individual farm proportionate shares*—(1) *Farm bases.* Farm bases shall be established in each proportionate share district by giving a weighting of 50 percent to the average acreage of the crops of 1952 through 1954, as a measure of "past production", and a weighting of 50 percent to the largest acreage of the crops of 1952 through 1954, as a measure of "ability to produce"

(2) *Initial proportionate shares.* Initial proportionate shares shall be established from the farm bases in each proportionate share district on a pro rata basis so that the total of the farm shares equals the district allotment less the prescribed set-asides, except that the minimum initial proportionate share shall be the smaller of five acres or the requested acreage.

(3) *Adjustments in initial shares.* Within the acreage available from the set-aside for adjustments, and from acreage of initial shares in excess of requested acreages in each proportionate share area, adjustments shall be made in initial farm proportionate shares so as to establish a proportionate share for each farm which is fair and equitable as compared with proportionate shares for all other farms in the area by taking into consideration availability and suitability of land, area of available fields, adequacy of drainage, availability of production and marketing facilities and the production experience of the operator.

(4) *Proportionate shares for new producers.* Within the acreage set aside for new producers in each proportionate share area, proportionate shares shall be established for new producers (as defined in § 850.8) by taking into consideration the availability and suitability of land, area of available fields, availability of production and marketing facilities and the production experience of the operator. The minimum initial proportionate share for a new producer shall be the smaller of five acres or the requested acreage.

(5) *Adjustments under appeals.* Within the acreage set aside for making adjustments under appeals and any other acreage remaining unused in each proportionate share area, adjustments shall be made in proportionate shares under appeals to establish fair and equitable farm shares in accordance with the provisions of the determination applicable to appeals.

(6) *Adjustments because of unused acreage.* To the extent of acreage available within the allotment for each pro-

portionate share area from underplanting and failure to plant proportionate share acreages, and from set-aside acreages remaining unallotted, adjustments shall be made in farm proportionate shares throughout the 1955-crop season. These adjustments shall be made insofar as practicable during the planting season in the area on a pro rata basis for the farms whereon additional acreage may be planted.

(7) *Notification of farm operators.* The farm operator shall be notified concerning the proportionate share established for his farm on form SU-103, Notice of Farm Proportionate Share—1955 Sugar Beet Crop, even if the acreage established is "none" and in each case of approved adjustment the farm operator shall be notified regarding the adjusted proportionate share on a form SU-103 marked "Revised"

(8) *Determination provisions prevail.* The bases and procedures set forth in this section are issued in accordance with and subject to the provisions of § 850.8.

##### STATEMENT OF BASES AND CONSIDERATIONS

This supplement sets forth the bases and procedures established by the Agricultural Stabilization and Conservation Ohio State Committee for determining farm proportionate shares in Ohio in accordance with the determination of proportionate shares for the 1955 crop of sugar beets, as issued by the Secretary of Agriculture.

The division of Ohio into two districts as served by beet sugar companies provides a reasonable subdivision of the State, in relation to the operation of sugar beet processing plants and the use of advisory committees comprising grower and processor representatives. The formula used in dividing the State acreage allocation between these districts is similar to the formula used by the Department of Agriculture in establishing State allocations. Individual farm shares are computed under a formula using a shorter base period and different weightings to give greater consideration to recent production.

The bases and procedures for making adjustments in initial proportionate shares, for establishing shares for new producers, and for adjusting proportionate shares because of unused acreage and appeals, set forth criteria to be followed for each of these operations in order that a fair and equitable proportionate share may be established for each farm.

# Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Lemon Reg. 615, Amdt. 1]

## PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

### LIMITATION OF SHIPMENTS

**Findings.** 1. Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 19 F. R. 7175; 20 F. R. 2913), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act:

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and this amendment relieves restriction on the handling of lemons grown in the State of California or in the State of Arizona.

**Order as amended.** The provisions in paragraph (b). (1) (ii) of § 953.722 (Lemon Regulation 615, 20 F. R. 8452) are hereby amended to read as follows:

(ii) District 2: 186,000 cartons.

#### PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADES

##### WAIVER OF COASTWISE TOWING LAWS

NOVEMBER 17, 1955.

Upon the written recommendation of the Secretary of the Army, acting under the delegation of August 18, 1955 (20 F. R. 6361) of certain powers of the Sec-

retary of Defense with respect to matters concerning the St. Lawrence Seaway Power Project or the St. Lawrence Seaway Navigation Project, and by virtue of the authority vested in me by the Act of December 27, 1950 (64 Stat. 1120), and Revised Treasury Department Order No. 165 (T. D. 53654), I hereby waive compliance with section 316, title 46, United States Code, to permit the use of the Canadian tug "Radel" in assisting in the towing of a barge laden with certain merchandise including a large excavation drag line on one voyage to commence on or about November 20, 1955, from Ogdensburg, New York, to Long Sault Island for work in connection with the Long Sault Dam on the St. Lawrence River.

#### PART 5—CUSTOMS RELATIONS WITH CONTIGUOUS FOREIGN TERRITORY

#### PART 6—AIR COMMERCE REGULATIONS

#### PART 14—APPRAISEMENT

#### PART 21—CARTAGE AND LIGHTERAGE

#### MISCELLANEOUS AMENDMENTS

The suggestion has been made that customs Form 7523, Entry of Merchandise Unconditionally Free of Duty, Carrier's Certificate and Release, be modified to permit its use as a combined entry, manifest, carrier's certificate, and release for merchandise entered on that form. The adoption of this suggestion will simplify customs requirements but requires amendment of the Customs Regulations.

A footnote to § 14.5 (g) of the Customs Regulations relating to coal-tar products requires deletion because it is not in accordance with existing law.

As the result of suggestions from the field, the Bureau has considered the question whether the issuance of identification cards to a licensed cartman or lighterman or his employees serves a good purpose at all ports. Consideration has also been given to the question whether before the employment of the holder of an identification card is changed to another licensed cartman or lighterman, the card, together with an application of the new employer, should always be submitted to the customhouse for noting the change of employer on both the identification card and the customhouse records, in accordance with § 21.2 of the Customs Regulations.

For example, it is sometimes necessary for the holder of an identification card, because of the lack on some days of the work normally offered by his regular employer, to seek temporary employment by another licensed cartman or lighterman. Insistence upon compliance with the above-mentioned requirement may unnecessarily deprive the employee of the temporary work offered.

It has been decided that the answers to the foregoing questions regarding identification cards are matters which may properly be determined on a local basis and that the Customs Regulations should be amended to so provide. Accordingly, the Customs Regulations are amended as follows:

1. Section 5.1 (b) is amended by adding the following sentence after the fifth sentence: "Customs Form 7523 also may be used in lieu of other forms of customs manifests for merchandise which is entered on that form."

(R. S. 251, secs. 453, 460, 498, 624, 46 Stat. 717, as amended, 723, as amended, 753; 19 U. S. C. 63, 1459, 1460, 1493, 1624)

2. Section 6.7 (b) (3) is amended by adding the following sentence after the third complete sentence: "Customs Form 7523 also may be used in lieu of other forms of cargo manifests for merchandise in a single shipment which is entered on that form."

(R. S. 161, 251, secs. 431, 624, 644, 46 Stat. 710, as amended, 753, 761, secs. 7, 44 Stat. 572, as amended; 5 U. S. C. 22, 19 U. S. C. 65, 1431, 1624, 1644, 49 U. S. C. 177)

3. Section 14.5 (g) is amended by deleting the reference numeral "11" where it appears therein, and footnote 11 appended to that section is deleted.

(Sec. 624, 46 Stat. 753; 19 U. S. C. 1624. Interprets or applies sec. 493, 46 Stat. 703, as amended, para. 27, 28, sec. 1, 46 Stat. 592, 594, as amended; 19 U. S. C. 1402, 1001, para. 27, 28)

4. Section 21.1 (a) is amended by deleting "who are required by § 21.2 to possess identification cards (customs Form 3873)" from the last sentence and substituting therefore: "who will receive or transport imported merchandise which has not been released from customs"

5. Section 21.2 is amended as follows:

a. The first sentence is amended by changing the first letter in the first word to lower case and inserting the following at the beginning of that sentence: "When required for purposes of local administration,"

b. The following sentence is inserted immediately after the eleventh sentence: "The collector may authorize such exceptions to the requirements of the preceding sentence as he deems necessary and advisable when the employment of the holder of an identification card is changed only temporarily to another licensed cartman or lighterman."

(Secs. 565, 624, 46 Stat. 747, 753; 19 U. S. C. 1665, 1624)

Until such time as customs Form 7523 is reprinted, it may be used as a manifest as provided for in §§ 5.1 (b) and 6.7 (b) (3) as amended above, after the word "Manifest" has been added to the title by means of a rubber stamp or other printing.

S. C. 357, 371) and delegated to the Commissioner of Food and Drugs by the Secretary (20 F. R. 1996) the regulations for tests and methods of assay and certification of antibiotic and antibiotic-containing drugs (21 CFR, 1954 Supp., Parts 141b, 141c, 146a, 146c, 146e) are amended as indicated below:

1. Section 141b.126 (a) (1) (i) and (1) (ii) (g) are amended to read as follows:

§ 141b.126 *Streptomycin-erythromycin ointment*—(a) *Ointment*—(1) *Potency*—(i) *Streptomycin content*. Proceed as directed in § 141b.101 (a) through (i) except prepare the sample as follows: Place a representative quantity of the ointment (usually an entire container) in a blending jar containing approximately 225 milliliters of chloroform. Using a high-speed blender, blend the mixture for 3 minutes. Transfer the blended material to a large Buchner funnel (at least 10 centimeters in diameter) fitted with a highly retentive filter paper and attached to a vacuum line. Apply vacuum long enough to insure removal of chloroform from the filter cake. Place the filter cake and the paper in a blending jar containing 250 milliliters of 0.1 M phosphate buffer, pH 8.0, and blend for 10 minutes. Filter the blended material through a fast, porous, filter paper. Dilute the filtrate to obtain a solution for assay containing 1.0 microgram per milliliter. Its content of streptomycin is satisfactory if it contains not less than 85 percent of the number of milligrams per gram that it is represented to contain.

(ii) *Erythromycin content*. \* \* \*

(g) *Assay*. Place a representative quantity of the ointment (usually an entire container) in a blending jar containing approximately 225 milliliters of polyethylene glycol. Using a high-speed blender, blend the mixture for 10 minutes and filter through a Buchner filter. Dilute the filtrate to 1.0 micro-

gram per milliliter (estimated) in 0.1 N potassium phosphate buffer, pH 8.0, and proceed as directed in § 141b.101 (h) and (i) except that the incubation temperature is 32° C. to 35° C. Its content of erythromycin is satisfactory if it contains not less than 85 percent of the number of milligrams per gram that it is represented to contain.

2. The headnote of § 141c.202 is amended to read as follows: “§ 141c.202 *Chlortetracycline ointment (chlortetracycline hydrochloride ointment) chlortetracycline calcium ointment, chlortetracycline calcium cream, tetracycline hydrochloride ointment (tetracycline hydrochloride in oil suspension)*—”

3. Section 146a.67 *Procaine penicillin in streptomycin sulfate solution* \* \* \* is amended in paragraph (b) *Packaging* by inserting after the words “30 milliliters,” in the last sentence, the following parenthetical expression: “(unless it is packaged and intended solely for veterinary use)”

4. Section 146c.202 is amended in the following respects:

a. The section headnote is changed to read as follows: “§ 146c.202 *Chlortetracycline ointment (chlortetracycline hydrochloride ointment) chlortetracycline calcium ointment, chlortetracycline calcium cream, tetracycline hydrochloride ointment (tetracycline hydrochloride in oil suspension)*—”

b. Paragraph (b) is changed to read as follows:

(b) *Packaging*. The ointment shall be packaged in collapsible tubes which are well-closed containers as defined by the U. S. P., or in containers of glass or plastic that are tight containers as defined by the U. S. P. Unless it is labeled solely for hospital use, each such container shall contain not more than 2 ounces, except if it is intended for ophthalmic use each such container shall contain not more than ½-ounce, if it is a collapsible tube, or more than ½-ounce if it is a tight container. Each such container shall be of such composition as will not cause any change in the strength, quality, or purity of the contents beyond any limit therefor in applicable standards, except that minor changes so caused that are normal and unavoidable in good packaging, storage, and distribution practices shall be disregarded.

5. Section 146e.402 *Bacitracin ointment* \* \* \* is amended in the following respects:

a. In paragraph (c) *Labeling* subparagraphs (3) and (4) are renumbered as (4) and (5), respectively, and a new subparagraph (3) reading as follows, is inserted between subparagraph (2) and renumbered subparagraph (4)

(3) On the outside wrapper or container, if it is intended solely for veterinary use and it contains fludrocortisone (9  $\alpha$ -fluorohydrocortisone), the statement “Caution: Federal law restricts this drug to sale by or on the order of a licensed veterinarian” and a reference specifically identifying a readily available medical publication containing information (including contraindications and possible sensitization) adequate for the use of such ointment by practitioners licensed by law to administer such drug; or a reference to a brochure or other printed matter containing such information, and a statement that such brochure or printed matter will be sent on request: *Provided, however* That this reference may be omitted if the information is contained in a circular or other labeling within or attached to the package.

b. In paragraph (c) renumbered subparagraph (5) is amended by inserting immediately after the word “sulfonamides,” the following new words: “or if it is intended for veterinary use and it contains fludrocortisone, (9  $\alpha$ -fluorohydrocortisone)”

6. Section 146e.411 *Bacitracin-neomycin ointment* \* \* \* is amended by deleting the last sentence from paragraph (a) (2)

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industry and since it would be against public interest to delay providing for the amendments set forth above.

This order shall become effective upon publication in the FEDERAL REGISTER since both the public and the affected industry will benefit by the earliest effective date, and I so find.

## PROPOSED RULE MAKING

### DEPARTMENT OF AGRICULTURE

#### Agricultural Marketing Service

#### [ 7 CFR Part 927 ]

[Docket No. AO-71-A24]

#### HANDLING OF MILK IN NEW YORK METROPOLITAN MILK MARKETING AREA

#### NOTICE OF TERMINATION OF PROCEEDING

A decision on proposals to amend the order regulating the handling of milk in

the New York metropolitan milk marketing area was issued on December 14, 1953 and published in the FEDERAL REGISTER on December 17, 1953 (18 F. R. 8444) on the basis of evidence in the record of a public hearing (herein referred to as “the 1953 hearing”), held pursuant to notices thereof issued on January 8, 1953 (18 F. R. 256) and February 27, 1953 (18 F. R. 1249) Such public hearing was conducted beginning on March 10, 1953 at Elmira, New York,

and ending on May 6, 1953 at New York City, with intervening sessions at Malone, Odensburg, and Watertown, New York.

Findings and conclusions were set forth in the decision of December 14, 1953 relating to only a portion of the issues presented on the record of the hearing, and findings and conclusions on other issues in the proceeding were at that time deferred pending further consideration. Those issues concerning which findings and conclusions thus were deferred are:

1. Revision of provisions for the designation of plants at which the handling of milk is fully subject to the pricing and utilization provisions of the order (issue No. 11, as listed in the decision)

2. The revision of transportation and location on differentials applicable both to minimum class prices paid by handlers and to the uniform price paid to producers (issue No. 12, as listed in the decision) and

3. The classification and pricing of milk disposed of for fluid use in Northern New Jersey or within the State of New York outside the marketing area (a portion of issue No. 10, as listed in the decision).

Subsequent to the hearing which ended on May 6, 1953, but prior to the decision of December 14, 1953, the subject matter reflected in the above listed issues, together with related marketing problems, was referred for study and recommendations thereon to a committee appointed jointly by the United States Department of Agriculture and the New York State Department of Agriculture and Markets. A report containing recommendations relative to these and other issues was released by this committee in January 1954. Since that time various new proposals have been received for new or revised Federal or joint Federal-State regulation of the handling of milk in the New York-New Jersey area, and public proceedings have been initiated relating to such proposals. It is apparent that such new proceedings may involve consideration of the same issues as those considered in the 1953 hearing but as to which findings and conclusions were deferred in the decision of December 14, 1953. Thus, it is of importance to interested parties to know whether or not further action is to be taken on the record of the 1953 hearing.

Nearly three years now have elapsed since the period of time to which data in the record of the 1953 hearing apply, and a recent review of that record indicates that the evidence therein does not constitute a suitable basis on which to resolve the above listed issues.

Accordingly, notice is hereby given that no further findings of fact, conclusions, or proposed marketing agreement or marketing order will be issued on the basis of evidence in the record of such 1953 hearing, that such hearing will not be reopened, and that such proceeding is hereby terminated.

It is hereby ordered that this notice be filed by the Hearing Clerk, United States Department of Agriculture and be published in the FEDERAL REGISTER.

Done at Washington, D. C., this 16th day of November 1955.

## **HANDLING OF MILK IN NASHVILLE TENNESSEE MARKETING AREA**

### **DECISION WITH RESPECT TO PROPOSED AMENDMENT TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED**

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900) a public hearing was conducted at Nashville, Tennessee, on September 22-23, 1955, pursuant to notice thereof which was published in the FEDERAL REGISTER (20 F. R. 7007), upon proposed amendments to the tentative marketing agreement and to the order as amended regulating the handling of milk in the Nashville, Tennessee marketing area.

Upon the basis of the evidence introduced at the hearing and the record thereof, the Deputy Administrator, Agricultural Marketing Service, on November 2, 1955, issued a recommended decision. Said decision containing notice of opportunity to file written exceptions thereto was published in the FEDERAL REGISTER on November 5, 1955 (20 F. R. 8336)

Within the period reserved therefor, interested parties filed exceptions to certain of the findings, conclusions and actions recommended by the Deputy Administrator. In arriving at the findings, conclusions, and regulatory provisions of this decision, each of such exceptions was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that findings, conclusions and actions decided upon herein are at variance with any of the exceptions, such exceptions are overruled.

To the extent that suggested findings and conclusions proposed by interested persons are inconsistent with the findings and conclusions contained herein, the specific or implied requests to make such findings and reach such conclusions are denied on the basis of the facts found and stated in connection with the conclusions herein set forth.

The material issues, findings and conclusions, and general findings of the recommended decision (20 F. R. 8336, Doc. 55-8967) are hereby approved and adopted as the issues, findings and conclusions, and general findings of this decision as if set forth in full herein.

*Determination of representative period.* The month of September 1955 is hereby determined to be the representative period for the purpose of ascertain-

ing whether the issuance of the order amending the order, now in effect, regulating the handling of milk in the Nashville, Tennessee marketing area, in the manner set forth in the attached amending order is approved or favored by producers who, during such period were engaged in the production of milk for sale in the marketing area specified in such marketing area.

*Marketing agreement and order as amended.* Annexed hereto and made a part hereof are two documents entitled respectively, "Marketing Agreement Regulating the Handling of Milk in the Nashville, Tennessee Marketing Area," and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the Nashville, Tennessee Marketing Area", which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered that all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended and proposed to be hereby further amended.

This decision filed at Washington, D. C., this 16th day of November 1955.

[SEAL]

TRUE D. MORSE,  
Acting Secretary.

### **Order<sup>1</sup> Amending the Order, as Amended, Regulating the Handling of Milk in the Nashville, Tennessee, Marketing Area**

§ 978.0 Findings and determinations. The findings and determinations herein after set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) Findings upon the basis of the hearing record. Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Nashville, Tennessee, marketing area. Upon

<sup>1</sup> This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

**Order relative to handing.** It is therefore ordered, that on and after the effective date hereof the handling of milk in the Nashville, Tennessee marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended as follows:

1. Delete § 978.51 (a) and substitute therefor the following:

(a) **Class I milk price.** The Class I milk price shall be the basic formula price for the preceding month, plus \$1.40 during the months of September through February, and plus \$1.10 during all other months, plus an additional 10 cents during the months through March 1956, plus or minus a supply-demand adjustment calculated for each month after March 1956 as follows:

(1) Divide the total hundredweight of producer milk of all fluid milk plants for the twelve-month period ending with the beginning of the preceding month, by the net hundredweight of Class I milk disposed of from all fluid milk plants during the same period and multiply by 100. The resulting figure rounded to the nearest whole percentage shall be known as the utilization ratio.

(2) For each percentage by which the utilization ratio calculated for the month pursuant to subparagraph (1) of this paragraph exceeds 130 subtract from, or for each percentage by which it is less than 125 add to, the Class I price, 1 cent.

#### GENERAL PROVISIONS

§ 130.1 **Purpose.** This part establishes priority rights applicable to the sale of government-owned property offered for disposal at Oak Ridge, Tennessee and Richland, Washington, pursuant to the provisions of Chapter 5 of the Atomic Energy Community Act of 1955.

§ 130.2 **Findings.** (a) The Commission has determined that the priorities established in this part are reasonable and fair, will be uniform in each class or subclass of property, and will give such priority rights to occupants, project-connected persons, and incoming em-

ployees as are necessary or desirable and such priority rights to former occupants, former project-connected persons, or inhabitants as are fair and equitable. In establishing these priorities the Commission has given due consideration to the following factors:

(1) The retention and recruitment of personnel essential to the atomic energy program;

(2) The minimization of dislocations within the community;

(3) The expeditious accomplishment of the disposal program; and

(4) The desirability of encouraging private firms to locate or remain in the community.

§ 130.3 **Definitions.** As used in this part:

(a) "Act" means the Atomic Energy Community Act of 1955 (69 Stat. 471), including any amendments thereto.

(b) "Commission" means the Atomic Energy Commission or any authorized officer or employee thereof. For purposes of determining seniority under § 130.43, "Commission" shall include the Manhattan Engineer District, U. S. Army Corps of Engineers.

(c) "Community" means:

(1) With respect to property at Oak Ridge, that area at Oak Ridge, Tennessee, designated on a map on file at the principal office of the Commission, entitled "Minimum Geographic Area, Oak Ridge, Tennessee" bearing the legend "Boundary Line, Minimum Geographic Area, Oak Ridge, Tennessee", and marked "Approved, 21 April 1955, K. D. Nichols, General Manager"; or

(2) With respect to property at Richland, that area at Richland, Washington, designated on a map on file at the principal office of the Commission, entitled "Minimum Geographic Area, Richland, Washington", bearing the legend "Boundary Line, Minimum Geographic Area, Richland, Washington", and marked "Approved, 21 April 1955, K. D. Nichols, General Manager"

(d) "Property management contractor" means the contractor managing, on behalf of the Commission, the Commission-owned properties at the community. On November 1, 1955, the property management contractor at Oak Ridge was Management Services, Inc., and at Richland was General Electric Company.

(e) "Occupant" means a person who, on the date on which the property in question is first offered for sale, is entitled to residential occupancy of the government-owned house in question, or of a family dwelling unit in such house, in accordance with a lease or license agreement with the Commission or its property management contractor.

(f) "Resident" means any person who, on the date on which the property in question is first offered for sale, is either:

(1) A person who is entitled under a lease or license with the Commission or its community management contractor to residential occupancy of government-owned accommodations at the community, or

(2) A project-connected person who is entitled, in accordance with a lease or similar agreement, to residential oc-

cupancy of privately-owned rental housing in the community.

(g) "Member of his family" means any person having the following relationship to an occupant (including those having the same relationship through marriage or legal adoption) spouse, father, mother, grandfather, grandmother, brother, sister, son, daughter, uncle, aunt, nephew, niece, or first cousin.

(h) "Project area" means that area which on August 4, 1955, constituted the Federal area at Oak Ridge, Tennessee (in the case of property at Oak Ridge) or Richland, Washington (in the case of property at Richland).

(i) "Project-connected person" means any person who, on the date the property in question is first offered for sale, is regularly employed at the project area in one of the following capacities:

(1) An officer or employee of the Commission or any of its contractors or subcontractors, or of the United States or any agency thereof (including members of the Armed Forces) or of a State or political subdivision or agency thereof;

(2) An officer or employee employed at a school or hospital located in the project area;

(3) A person engaged in or employed in the project area by any professional, commercial, or industrial enterprise occupying premises located in the project area; or

(4) An officer or employee of any church or non-profit organization occupying premises located in the project area.

(j) "Senior occupant" means that one of the occupants of a family dwelling unit in the government-owned duplex house in question who has the longer continuous occupancy, computed as provided in § 130.45, in the duplex house.

(k) "Junior occupant" means that one of the occupants of a family dwelling unit in the government-owned duplex house in question who has the shorter continuous occupancy, computed as provided in § 130.45, in the duplex house.

(l) "Retired former resident" means any person, other than an occupant, resident or project-connected person, who

(1) Having been employed at the project area in one of the capacities set forth in the definition of project-connected person, retired, at any time prior to the date the property in question is first offered for sale, from such employment in accordance with the retirement plan established by his employer; and

(2) At the time of such retirement was either (i) entitled, in accordance with a lease or license agreement with the Commission or its community management contractor, to residential occupancy of government-owned accommodations at the community, or (ii) entitled, in accordance with a lease or similar agreement, to residential occupancy of privately owned rental housing of the community.

(m) "Inhabitant" means a person who owned real property in the project area at Oak Ridge on October 6, 1942, or in the project area at Richland on December 31, 1943.

(n) "Person" means any individual, corporation, partnership, firm, or association.

(o) "Sales agency" means the agency of the Federal Government which is responsible for disposal of property offered pursuant to Chapter 5 of the act.

(p) "Successful claimant" means the person whom the Commission has initially or finally determined to be entitled to purchase a particular piece of property through the exercise of a priority right.

§ 130.4 *Computation of time.* Except as otherwise provided in § 130.44, in computing any period of time prescribed or allowed by this part, the day of the act, event or default after which the designated period of time begins to run is not to be included. The last day of any period prescribed or allowed by this part is to be included, unless it is a Saturday, Sunday or a legal holiday, in which event the period will be extended until the end of the next day which is neither a Saturday, Sunday or a legal holiday.

§ 130.5 *Method of service.* All documents of information required to be furnished by priority holders must be actually received by the appropriate agency prior to the expiration of the period of time prescribed or allowed by this part.

#### PRIORITIES

§ 130.21 *Residential priorities.* The following rights of priority shall be applicable in the sale of property for private residential use:

(a) For government-owned single family houses:

(1) First priority; the occupant.

(2) Second priority; any resident.

(3) Third priority; any project-connected person.

(4) Fourth priority; any retired former resident.

(5) Fifth priority; any inhabitant.

(b) For government-owned duplex houses:

(1) First priority; the senior occupant.

(2) Second priority; the junior occupant.

(3) Third priority; a junior occupant of any duplex house who has been prevented from exercising his second priority by reason of the exercise of the first priority by the senior occupant.

(4) Fourth priority; any resident.

(5) Fifth priority; any project-connected person.

(6) Sixth priority; any retired former resident.

(7) Seventh priority; any inhabitant.

(c) For vacant lots classified for residential use, not under lease or license agreement:

(1) First priority; any resident.

(2) Second priority; any project-connected person.

(3) Third priority; any retired former resident.

(4) Fourth priority; any inhabitant.

(d) For lots and acreage classified for residential use under lease or license agreement on which there is no government-owned building.

(1) First priority; any person who on the date the property in question is first offered for sale is entitled to occupancy

of the premises offered for sale in accordance with a lease or license agreement with the Commission or its property management contractor authorizing the use of the premises for residential purposes.

§ 130.22 *Commercial, industrial and nonprofit priorities.* In the sale of property classified for commercial or industrial use, or for use of nonprofit organizations (other than churches), any person who, on the date such property is first offered for sale, is entitled to occupancy of the property offered for sale or a part thereof in accordance with a lease or license agreement with the Commission or its property management contractor, authorizing the use of the property for commercial, industrial or nonprofit use, shall have a priority to purchase the property offered for sale.

§ 130.23 *Church priorities.* In the case of property classified for use of churches, any person who, on the date such property is offered for sale, is entitled to occupancy thereof in accordance with a lease or license agreement with the Commission or its property management contractor, authorizing the use of the premises for church use, shall have a right of priority.

§ 130.24 *Other properties.* In the case of any property not covered by §§ 130.21 to 130.23, inclusive, no priority rights are conferred under this part.

#### APPLICATION FOR AND EXERCISE OF PRIORITY RIGHTS

§ 130.31 *Applications for priority.*

(a) All priority rights within each priority class, other than rights under § 130.21 (a) (1), shall be invalid unless an application for the determination thereof, in the form prescribed by the Commission, is filed with the Commission within 30 days after the date on which the property in question is offered for sale to such priority class.

(b) No application need be filed for priority rights under § 130.21 (a) (1).

(c) Notice of the offering for sale will be given by the sales agency. Such notice will:

(1) Be in such manner as the sales agency shall prescribe;

(2) Identify the property to be sold;

(3) State the terms and conditions of sale and the date of the offer; and

(4) State which rights of priority must be exercised.

§ 130.32 *Exercise of priority.* The sales agency shall prescribe the manner and time within which a priority right that has been determined by the Commission shall be exercised: *Provided, however* That the time for exercise of priority rights of occupants of single family houses and senior occupants of duplex houses shall be not less than 90 days after the date the property in question is first offered for sale.

§ 130.33 *Abandonment of priority.*

(a) Any priority right other than a priority for church property which has been exercised as prescribed by the sales agency shall be deemed abandoned unless the priority purchaser concludes the

sale or executes the contract to purchase:

(1) Within 60 days after tender by the sales agency of a deed or contract to purchase, or

(2) Prior to expiration of the period prescribed for exercise of such priority, whichever is later.

(b) Any right of priority to purchase church property, shall be deemed abandoned unless within six months after a tender by the sales agency of a deed the priority purchaser concludes the sale.

(c) In all cases covered by this section, such time may for good cause be extended by the sales agency.

**§ 130.34 Transfer of priority.** (a) No priority established hereunder shall be transferable except:

(1) A husband and wife may exercise a priority in their joint names.

(2) A religious organization may exercise the occupant's priority which would otherwise belong to its priest, minister or rabbi, regardless of whether that position happens to be filled at the time of the exercise of the priority.

(3) Two or more holders of priorities, granted pursuant to § 130.21 (b) (1) and (2); or § 130.22, having a common interest in a building or location, may assign to a single assignee their rights of priority to purchase such building or location.

**§ 130.35 Nonimpairment of rights.** No priorities determined or exercised hereunder shall impair any rights, including purchase rights, conferred by existing leases and covenants. In the event the Commission finds that such rights would be impaired, it may, notwithstanding any other provisions of this part, cancel the priority or priorities or take such other action as it deems appropriate.

**§ 130.36 Limitation.** (a) No person, married couple or transferee of a priority shall be entitled to purchase more than one parcel of residential property through the exercise of a priority.

(b) Notwithstanding any other provision of this part, lessees of residential property comprehended by section 57 (a) of the act purchasing such property pursuant to an offering thereof by the Commission or the sales agency under authority of section 57a of the act, shall have no residential priority under this part.

**§ 130.37 Persons applying for determinations or exercising priority.** Application for the determination of a priority or the exercise thereof may be executed and filed by the priority holder or, on his behalf, by his duly authorized agent, executor, trustee, administrator, or guardian.

#### DETERMINATIONS OF PRIORITY RIGHTS

**§ 130.41 Determination of priorities.** All priority rights shall be determined by the Commission and certified by it to the sales agency.

**§ 130.42 Determination of conflicting claims for priority.** (a) Conflicting claims between persons within the same priority class for priority to purchase a particular piece of property shall be de-

termined in accordance with this section and §§ 130.43 through 130.47, as follows:

(1) Conflicting claims for priority to purchase residential property within the same priority group as a junior occupant, resident, or project-connected person, shall be resolved on the basis of seniority of employment in accordance with §§ 130.43 and 130.44.

(2) Conflicting claims for priority to purchase a duplex house by a senior occupant shall be resolved on the basis of seniority of occupancy in accordance with § 130.45.

(3) Conflicting claims for priority to purchase residential property as a retired former resident or inhabitant shall be resolved by the Commission by lot.

(4) Conflicting claims for priority to purchase property classified for commercial, industrial or nonprofit use shall be resolved as follows: From among the conflicting priority holders the Commission shall draw lots until all such priority holders have been ranked. The first name chosen shall have the first opportunity to purchase the property in question. In the event the person first chosen fails to exercise the priority within the time established by the sales agency or abandons the priority as provided in § 130.33, each succeeding priority holder in accordance with his ranking as determined by the drawing shall, subject to the same conditions, have a right to purchase the property in question.

(b) Except as provided in subparagraph (4) of paragraph (a) of this section and in §§ 130.51 to 130.510 all priority rights of unsuccessful claimants to purchase the particular piece of property which is the subject of conflicting claims shall lapse upon the determination by the Commission of the successful claimant.

**§ 130.43 Determination of seniority of employment or service.** Seniority of employment or service shall be determined as of the date any residential property was first offered for sale by adding the periods of employment or service of the claimant, whether or not consecutive, within the following categories:

(a) Employment or service periods of not less than four consecutive weeks at not less than 20 hours per week at the project area at Oak Ridge (in the case of a claim for priority at Oak Ridge) or Richland, (in the case of a claim for priority at Richland) of a claimant by or for:

(1) A contractor or lower tier contractor of the Commission;

(2) The Commission, the United States or any agency thereof (including the Armed Forces) or the State or any political subdivision or agency thereof;

(3) A school or hospital;

(4) Any professional, commercial, or industrial enterprise;

(5) A church or nonprofit organization.

(b) Self-employment periods of a claimant for a minimum of four consecutive weeks at not less than 20 hours per week at the project area at Oak Ridge (in the case of a claim for priority at Oak Ridge) or Hanford (in the case of a claim for priority at Hanford), in one

of the capacities listed in subparagraphs (1) and (4) of paragraph (a) of this section.

(c) Service in the Armed Services of the United States when claimant entered the Armed Services within 30 days after leaving any employment set forth in the definition of project-connected person.

**§ 130.44 Evaluation of conflicting claims.** In determining seniority of employment or service, the Commission shall apply the following rules:

(a) The first and last date of each period of employment or service shall be included.

(b) As between claimants employed or discharged at different times during the same day, no seniority of employment or service shall be granted to a claimant by virtue of being first employed or last discharged on such day.

(c) No deduction from periods of employment or service computed in accordance with § 130.48 shall be made for periods of employment or service off the project area when the claimant was or is maintained on and paid from a payroll of an employer located at the project area, and such claimant was or is compensated for such period as an employee in travel status in accordance with the recognized practice of such employer.

(d) If a husband and wife exercise a priority in their joint names as provided in § 130.34, only the seniority of the husband or wife, whichever is greater, shall be counted.

(e) In the case of identical claims of seniority of employment or service, the successful claimant shall be determined by lot.

**§ 130.45 Determination of seniority of occupancy of duplex houses.** (a) In determining which of the occupants of a duplex house is the senior occupant,

(1) Occupancy of either dwelling unit in the house shall be counted in determining the period of continuous occupancy.

(2) Occupancy shall be determined by the effective date on which the occupant or a member of his family executed the initial lease or license agreement; and

(3) In the case of claimants whose initial lease or license bears the same effective date, determination shall be made by lot.

**§ 130.46 Evidence.** (a) Claimants shall support their claims to seniority by listing in the space and manner provided on the application prescribed by the Commission, all claimed periods of employment or service coming within § 130.43. The Commission, in determining seniority of a claimant, need not consider any employment or service unless the same is so listed.

(b) At the request of the Commission, any claimant shall furnish such evidence in support of his claim to priority or seniority, at such times and in such form, as the Commission shall specify. In the event of failure to furnish the specified evidence, at the time and in the form requested, the Commission may take such action as it deems appropriate, including the disallowance of the claim or part thereof to which such evidence relates.

§ 130.47 *Commission examination.* The Commission may make such independent examination of the submitted claims to priority or seniority as it deems appropriate.

#### APPEAL PROCEDURE

§ 130.51 *Establishment of appeal boards.* The Commission's Manager of Operations at each community shall establish an advisory board to consider appeals as to property at the community. The board may adopt such procedures, consistent with this part, as it deems appropriate to carry out its functions.

§ 130.52 *Notice.* (a) With respect to each offering of property to persons in a priority class, other than persons in the priority class granted by § 130.21 (a) (1) the Commission shall post, at one or more public places in the community, a notice stating the person whom the Commission has initially determined to be the successful priority applicant with regard to property offered for disposal.

(b) In all cases in which claims to seniority have been filed pursuant to § 130.43, the notice shall include the total period of seniority allowed by the Commission in making its initial determination.

(c) Upon request by any person whose claim to a priority or to seniority has been disallowed, in whole or in part, the Commission shall advise such person of the reasons for such disallowance.

§ 130.53 *Appeal.* (a) Appeals from the initial determinations of the Commission in cases coming within § 130.52 must be filed in writing with the Commission's Manager of Operations at the community not later than ten days after the posting of the notice referred to in § 130.51.

(b) Any person who had attempted to exercise a right of priority under § 130.21 (a) (1) within the time prescribed by the sales agency, and has been notified by the sales agency that his rights had not been certified by the Commission pursuant to § 130.41, may within ten days after the receipt of such notice, file an appeal in the manner prescribed in paragraph (a) of this section.

(c) Appeals shall specify the bases for the appeal and the nature of the evidence to be produced.

§ 130.54 *Classes of appeals.* (a) Appeals with respect to all priorities except those established for retired former residents and inhabitants and those established under § 130.22 shall be governed by §§ 130.55 to 130.58.

(b) Appeals with respect to priorities established under § 130.21 for retired former residents and inhabitants and to priorities established under § 130.22 shall be governed by § 130.59.

§ 130.55 *Parties to appeal.* Appeals in cases coming within § 130.54 (a) may be filed by any person if:

(a) Assuming the appellant were to prevail as to the matters stated in his appeal, he would have a superior claim to that of the successful claimant to the property in respect of which the appeal is filed; and

(b) The appellant is not the successful claimant to another property offered to the priority class in question.

§ 130.56 *Grounds of appeal.* A person eligible to file an appeal under § 130.55 may appeal as to one or more of the following issues:

(a) His right or the right of the successful claimant to a priority of the class to which the property has been offered;

(b) His period of occupancy or the period of occupancy of the successful claimant, in the case of occupants of duplex houses; and

(c) His periods of seniority of employment or service, or the periods of seniority of employment or service of the successful claimant.

§ 130.57 *Recommended determination.* In the case of appeals coming within § 130.54 (a) the Board may recommend:

(a) Dismissal of any appeal which is not in accordance with the provisions of this part or which is not supported by sufficient evidence;

(b) Affirmance of the initial determination; or

(c) Determination in favor of that one of the conflicting claimants to the property in question, whether or not such claimant has filed an appeal, whom it finds to be entitled to a priority to purchase the property in question: *Provided, however,* That the Board shall disregard all claims of persons who are the successful claimants to any other property offered to the priority class in question, and may disregard the claims of any person who fails to file within the time prescribed by the Board any appearance or evidence requested by the Board.

§ 130.58 *Decision by Manager of Operations or his designee.* The recommendation of the Board will be submitted to the Manager of Operations or his designee, and such Manager or designee shall determine the successful claimant to the

property in question. The Manager or his designee may remand any matter to the Board for further consideration and recommendation prior to final determination.

§ 130.59 *Appeals in cases determined by lot.* (a) In cases coming within § 130.54 (b) any person may appeal if:

(1) Assuming the appellant were to prevail as to the matters stated in his appeal, he would establish that the successful claimant is not entitled to a priority of the class to which the property had been offered or that the appellant was improperly denied such a priority; and

(2) In cases of priorities for former retired residents or inhabitants, the appellant is not the successful claimant to another property offered to the priority class in question.

(b) If the Board determines that the person initially determined to be the successful claimant is not entitled to a priority of the class in question, it shall recommend that the initial determination be set aside.

(c) If the Manager or his designee determines that the initial determination shall be set aside, the commission shall:

(1) In the case of claims of retired former residents or inhabitants, resolve the remaining conflicting claims by lot, provided that the claims of persons who are the successful claimants as to any other property offered to the priority class in question shall be disregarded;

(2) In the case of claims under § 130.22, award the property to the next succeeding priority holder, according to his ranking.

(d) No appeal shall lie from a re-determination made pursuant to paragraph (c) of this section.

(e) If the Board determines that the appellant was improperly denied a priority of the class to which the property in question was offered, the Board shall so report to the Manager or his designee, who shall take such action as may appear equitable.

§ 130.60 *Finality.* An initial determination which is not appealed in accordance with this part and a determination or decision by the Manager of Operations or his designee shall be final.

Dated at Washington, D. C., this 14th day of November 1955.

R. W. COOK,  
Acting General Manager.

#### STATEMENT OF ORGANIZATION

The organization of the Rural Electrification Administration is as follows:

**Central Organization.** The principal office of the Rural Electrification Administration is at Washington, D. C. The function of the Agency is the carrying out of a program of rural electrification and rural telephony, as provided for by the Rural Electrification Act of 1936, as amended (7 U. S. C. 901-915, 921-924).

**The Administrator.** The Administrator is appointed by the President, with the advice and consent of the Senate, for a term of ten years. He functions as the chief administrative official of the Agency under the general supervision and direction of the Director, Agricultural Credit Services. He is aided directly by a Deputy Administrator, an Assistant Administrator for the Electric Program, and an Assistant Administrator for the Telephone Program. The work is carried on through the area offices and divisions, described in succeeding paragraphs.

**Electric Area Offices.** All REA programs for electric borrowers are administered through five area offices designated as Northeast, Southeast, North Central, Southwest and Western. Each of the area offices advises and assists loans applicants in system development and in the preparation of applications;

receives, evaluates and processes all loan applications; makes recommendations on loans; advises and assists borrowers in the design and construction of their systems; reviews proposed or completed construction for approval on behalf of the Administrator; provides assistance to borrowers, when necessary, in the business and operating management of their systems.

**Telephone Operations and Loan Division.** Advises and assists loan applicants in system development and in the preparation of applications; receives, evaluates, and processes all loan applications; makes recommendations on allocations and loans; provides assistance to borrowers, where necessary, in business and operating management.

**Telephone Engineering Division.** Executes all REA programs for telephone borrowers in connection with the design, construction, and technical operations and maintenance of rural telephone systems and related facilities. Reviews proposed and completed construction for approval on behalf of the Administrator.

**Electric Operations and Loans Division.** Provides staff service to the REA organization concerning the management and loans phases of the electric program including such matters as systems operations (other than engineering), accounting; loans; retail rates; performance standards and methods; insurance; and power use.

**Electric Engineering Division.** Provides staff services to the REA organization relating to design, construction, technical operation and maintenance of the physical plant of electric borrowers; power supply and wholesale power rates; system engineering studies; consulting engineering and architectural services; safety and job training; and radio and communication facilities.

**Administrative and Loan Accounting Division.** Provides accounting and statistical services for REA including fiscal control; accounting systems and procedures; financial and statistical analysis and reports; examination and certification of vouchers and payroll; custody of loan documents; and collections from REA borrowers.

**Information Services Division.** Prepares and disseminates information designed to acquaint borrowers and the public with the status and progress of the rural electrification and rural telephone programs; and provides technical assistance to other staff divisions and to line divisions in the preparation of written and audio-visual materials as required in the execution of their programs.

**Personnel Division.** Conducts the personnel program of REA including classification and organization matters; employment, employee relations and counseling; training; health and general welfare.

**Administrative Division.** Provides administrative services for REA including budget, organization and methods; program analysis; procurement; property accountability; space management; communications and records management; and the maintenance of records required

for the administration of the Agency's production control system.

**Internal Audit Division.** Conducts an independent appraisal activity of agency operations as a basis for protective and constructive service to the agency management.

Take notice that General American Oil Company of Texas (Applicant) a Delaware corporation whose address is Meadows Building, Dallas, Texas, filed as operator on October 26, 1955, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant proposes to sell natural gas in interstate commerce to be produced from the Mary Murray No. 1 Well, Antioch Pool, Garvin County Oklahoma, to Lone Star Gas Company for resale.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on Tuesday, December 27, 1955, at 9:30 a. m., e. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of section 130 (c) (1) or (c) (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before December 5, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] LEON M. FUQUAY,  
Secretary.

### NORTHERN STATES POWER CO. ET AL.

#### NOTICE OF APPLICATION FOR AMENDMENT OF LICENSE

NOVEMBER 15, 1955.

In the matter of Northern States Power Company, Minneapolis Mill Company and Saint Anthony Falls Water Power Company.

Public notice is hereby given that application has been filed under the Federal Power Act (16 U. S. C. 791a-825r) by Northern States Power Company, licensee for Project No. 2056, for amendment of its license for the project to authorize certain changes in the project works and to include in the license its Main Street and Consolidated Hydro Plants, Saint Anthony Falls, Water Power Company's redeveloped Hennepin Island Hydro Plant, and the existing Upper Dam owned jointly by Saint Anthony Falls Water Power Company and Minneapolis Mill Company. Minneapolis Mill Company and Saint Anthony Falls Water Power Company have joined in the application for amendment to include in the license their respective project facilities and themselves as joint licensees of Project No. 2056 as their respective interests appear and to the extent that each owns property requested to be included in Project No. 2056.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure. The last day upon which protests or petitions may be filed is January 4, 1956. The application is on file with the Commission for public inspection.

By the Commission.

### SUN OIL Co.

#### ORDER SUSPENDING PROPOSED CHANGES IN RATES

Sun Oil Company (Applicant), on October 19, 1955, tendered for filing proposed changes in presently effective rate schedules for sales subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filing which is proposed to become effective on the date shown:

Description	Purchaser	Rate schedule designation	Effective date <sup>1</sup>
Notice of change (undated)---	United Fuel Gas Co.-----	Supplement No. 1 to Applicant's FPO Gas Rate Schedule No. 38.	Nov. 19, 1953

<sup>1</sup> The stated effective date is the first day after expiration of the required 30 days' notice, or the effective date proposed by Applicant if later.

The increased rates and charges proposed in the aforesaid filing have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that the above-designated supplement be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act and the Commission's general rules and regulations (18 CFR Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed changes in rates and charges; and, pending such hearing and decision thereon, the above-designated supplement be and the same hereby is suspended and the use thereof deferred until April 19, 1956, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(B) Interested State commissions may participate as provided by sections 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

By the Commission.<sup>1</sup>

Adopted: November 9, 1955.

Issued: November 15, 1955.

## UNITED STATES TARIFF COMMISSION

[Investigation 45]

#### DRESSED RABBIT FURS AND FUR SKINS, NOT DYED

#### INVESTIGATION INSTITUTED AND PUBLIC HEARING ORDERED

Investigation instituted: Upon application of the Rabbit Dressers Institute, Inc., 209 West 26th Street, New York, New York, received October 21, 1955, the United States Tariff Commission, on the 16th day of November 1955, under the authority of section 7 of the Trade Agreements Extension Act of 1951, as amended, and section 332 of the Tariff Act of 1930, instituted an investigation to determine whether dressed rabbit furs and fur skins, not dyed, provided for in paragraph 1519 (a) of the Tariff Act of 1930, are, as a result in whole or in part of the duty or other customs treatment reflecting concessions granted thereon

under the General Agreement on Tariffs and Trade, being imported into the United States in such increased quantities, either actual or relative, as to cause or threaten serious injury to the domestic industry producing like or directly competitive products.

Hearing ordered: A public hearing in this investigation was ordered by the Tariff Commission to begin at 10 a. m., e. s. t., on December 19, 1955, in the Hearing Room of the Tariff Commission, 8th and E Streets NW., Washington, D. C., at which hearing all interested

parties will be given opportunity to be present, to produce evidence, and to be heard.

Requests to appear at hearing: Interested parties desiring to appear and give testimony at the hearing should notify the Secretary of the Commission, in writing, at least three days in advance of the date of the hearing.

Inspection of application: The application filed in this case is available for public inspection at the office of the Secretary, United States Tariff Commission, 8th and E Streets NW., Washington,

D. C., and in the New York office of the Tariff Commission, located in Room 437 of the Custom House, where it may be read and copied by persons interested.

I certify that the above investigation was instituted and the above hearing was ordered by the Tariff Commission on the 16th day of November 1955.

Issued: November 17, 1955.
